New Parts Available

- Engine overhaul kits
- Water Pumps
- Turbos
- Flywheels
- Flywheel Housings
- Oil Pans
- Gasket sets and small parts
- Oil Pumps
- Oil Coolers
- Exhaust Manifolds
- Front Gear Cover
- Vibration Dampeners
- Transmission Components

Now Available **NEW REPLACEMENT** Charge Air Coolers, Condensers, and Radiators

Charge Air Coolers

- Increase Fuel Efficiency
- Reduce Engine Emissions
 - Gain Better Horsepower
 - Meets or Exceeds OE Engine Performance Specifications
 - Bar & Plate Style - Now with a Limited Lifetime Warranty

Applications Include:
 Chevrolet/GMC • Dodge • Ford/Sterling • Freightliner • International Navistar • John Deere • Kenworth • Mack • Peterbilt • Volvo • Western Star • & More...

Condensers

- Over 130 Models Covering More Than 500 Applications
- 100% Tested & Perfect Fit Guaranteed
- Carrying the Latest Designs: Parallel Flow - Serpentine - 6mm Piccolo - Tube & Fin

Applications Include:
 Dodge • Ford/Sterling • Freightliner • GMC • International Navistar • Kenworth • Mack • Peterbilt • Volvo • Western Star • & More...

Complete Radiators

- All Aluminum
- Copper/Brass
- Plastic & Aluminum
- Bolt-On Style - Now with a 36-month Warranty
- Half Core with Crank Box
- Over 340 Models Available
- Easy Out - Easy In

Applications Include:
 Blue Bird • Chevrolet • Dodge • Ford/Sterling • Freightliner • GMC • International/Navistar • Isuzu • Kenworth • Mack • Marmon • Mercedes Benz • Oshkosh • Peterbilt • Volvo • Western Star • White • & More...

BAR & PLATE CHARGE AIR COOLERS
 NOW WITH A LIMITED LIFETIME WARRANTY

Typical Charge Air Cooler Tube and Fin Design

Cracked header plate

Charge Air Coolers, while operating with a little over 400°F inlet temperature will drop the boosted air's temperature to just over 100°F before it enters the engine. This huge drop in temperature causes extreme thermal stresses from expansion and contraction of the entire structure. These stresses along with engine load changes and chassis vibration cause frequent fatigue failures, most being a cracked header plate and/or cracked tubes.

Due to the highly efficient, durable Bar & Plate Charge Air Cooler design, we are now offering a Limited Lifetime Warranty on over 120 models.

Charge Air Cooler Bar & Plate Design

The Charge Air Cooler Bar & Plate design eliminates the header plates in the construction process. The bar and plate center section permits the manifold to be welded directly to the center section, eliminating the need for header plates and braze welding of the air tubes, thus, creating a durable and highly efficient Charge Air Cooler.

LIMITED WARRANTY FOR NEW CLIMATE CONTROL PRODUCTS

INDUSTRIAL AND HEAVY DUTY VEHICLES

LKQ Corporation, and its subsidiaries, including Keystone Automotive Industries, Inc. ("LKQ"), distributes a broad range of new, recycled, remanufactured and reconditioned automotive and truck replacement products through its company owned and operated locations. Our climate control line for industrial and heavy duty vehicles includes Radiators, Radiator Cores, Condensers and Charge Air Coolers.

WHAT IS COVERED

LKQ warrants its part to be free of defects in materials and workmanship for the warranty period indicated from the date of installation and for as long as the original retail purchaser owns the vehicle on which the part is installed.

LKQ's sole and exclusive obligation under this warranty is limited to, at LKQ's option, replacement, repair or refund the purchase price. To make a claim, you must provide proof of purchase to your place of purchase, or business which installed the part. In the event that it is determined that the part must be replaced, the original part must be returned to LKQ to obtain the replacement part.

If you are unable to obtain satisfactory service, please contact the LKQ Warranty Department, 655 Grassmere Park Drive, Nashville, TN, 37211. This warranty applies to vehicles registered and normally operated in the United States and Canada.

HD WARRANTY PERIOD

Limited Lifetime Warranty

- Bar & Plate Style Charge Air Cooler
- Bumpers (Peel Warranty)

Limited 36-Month Warranty

- Bolt-On Style Radiators

Limited 24-Month Warranty

- Plastic & Aluminum Radiators - Aftermarket
- Charge Air Coolers
- (Excluding Bar & Plate Style which carry a Limited Lifetime Warranty)

Limited 12-Month Warranty

- Bezels
- Complete Industrial or HD Radiator* (Excluding Bolt-On Style Radiators which carry a 36-Month Warranty and Aftermarket Plastic & Aluminum)
- Condensers
- DPF - Diesel Particulate Filters & DOC - Diesel Oxidation Catalysts
- EGR - Exhaust Gas Recirculation Coolers
- Grilles
- Headlamps
- Hoods
- Radiator Cores
- Turbochargers

WHAT IS NOT COVERED

Because this warranty applies to defects in materials and workmanship, it does not apply to normal worn parts, damage resulting from road hazards, gravel, debris, adjustments or damage caused by misuse, neglect, accident, abnormal operation, improper installation, conditions that cause failure to the vehicle's warning device, or alteration or removal of the parts. Warranty does not include cost associated with part removal, installation, inconvenience or consequential damages.

To validate the above warranty coverage, the following measures must be undertaken upon replacement of Complete Radiators, Radiator Cores and/or Charge Air Coolers. Failure to provide specific and documented proofs of original installation and subsequent replacement will void warranty coverage and the claim will be denied. We recommend following the specific instructions found in the literature or on stickers supplied in component packaging.

1. Cooling system must be properly flushed and filled with new coolant mixture.
2. Recommended coolant mixture should be a 50/50 mix of coolant and distilled water or as recommended by vehicle manufacturer. It is highly recommended to use distilled water and it is mandatory for all aluminum cooling components.
3. All external causes that can lead to electrolysis and/or corrosion must be verified and eliminated.
4. Electrical, electronic, and/or mechanical devices, such as; thermostat, sensors, gauges, sending units, water pump and devices used to monitor and maintain optimal engine temperature, must be verified for proper operation.
5. The installer must use recognized trade methods and procedures.

LKQ shall not be liable for misrepresentation made by third party regarding warranty application and/or coverage, nor does LKQ authorize anyone to substitute itself in lieu of LKQ for representation toward LKQ customers. Only LKQ can authorize and approve warranty claim and its processing according to LKQ policies and procedures.

Replacement or repair shall be the only remedy available to a purchase under this warranty.

ALL INCIDENTAL OR CONSEQUENTIAL DAMAGES ARE EXCLUDED FROM THIS WARRANTY. Some states do not allow exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This warranty gives you specific legal rights. You may also have other rights which may vary from state to state.

WARRANTY FOR RECYCLED PRODUCTS

The LKQ Heavy Truck Part Replacement Promise

- LKQ Corporation or one of its subsidiaries ("LKQ") protects your investment with industry leading warranties on all the products we sell. Part coverage is a minimum of 180 days against manufacturer defect with engines, transmissions, rear differentials, and cooling products guaranteed for specific periods depending on each product category.
- Any new or rebuilt engine, transmission or rear differential will have a 12 month guarantee against mechanical product failure due to manufacturer defect. Any reconditioned or pullout (used) engine, transmission or rear differential will have a 180 day guarantee against product failure due to manufacturer defect. Used cooling products have a 180 day guarantee against product failure due to manufacturer defect. New cooling product guarantees vary from 12 month, 24 month, 36 month or limited lifetime warranty depending on the product purchased. Reference your invoice for the specific product category purchased.
- The warranty for engines covers the block, crankshaft and cylinder heads. It does not include engine accessories, including but not limited to wiring, sending units, glow plugs, air compressors, power steering pumps, oil coolers, fan clutches, flywheels, alternators, starters, distributors, engine brakes, engine covers or motor mounts. LKQ does not warrant against excessive fuel consumption or minor blow by.
- Used collision parts including, but not limited to, cab, hood, door, fairing and lighting are warranted against manufacturer defect for a period of 180 days. New collision parts have a limited 12 month warranty. All warranties do not include any costs involved in installation (without pre-approval from LKQ), nor do they cover failure or rust perforation resulting from normal wear and tear, accident damage, abuse, improper installation, damage from the environment, airborne fallout (chemicals, acid rain, etc.), solvents or cleaning and polishing materials.
- At its option, LKQ will repair (up to 100% of the original invoice price), replace or refund the purchase price of the part in the event of a failure. LKQ reserves the right to replace failed parts with equal or greater than original mileage parts. All warranties begin on the date the part was purchased from LKQ as indicated on the original LKQ invoice and end based on the applicable product warranty period.

All Warranties Exclude:

Breakdowns caused by non-covered components, improper installation, failure to clear computer codes, defective workmanship, usage for which the part was not intended and/or improper maintenance (e.g. using the incorrect types and levels of fluids and lubricants as outlined in the vehicle's "Owner Manual"). These are parts only warranties and exclude labor unless stated on the original LKQ invoice.

All Warranties are Null and Void if:

- The part is installed in an application for which the vehicle manufacturer did not intend it.
- Failure is caused by abuse, misuse or modifications.
- The part fails or becomes defective due to the vehicle being involved in a collision.
- The part is installed or operated in a vehicle outside of the United States or Canada.
- The installed heat tab center is melted or removed.
- The LKQ "Required Installation Procedures Tag" is not complied with upon installation.
- The part is sold "As-Is" as indicated on the front of the invoice.
- The vehicle is not serviced at proper intervals or fuel/oil/coolant is not used in accordance with the vehicle manufacturer's specifications.
- The engine oil and filter are not replaced and documented every 10,000 miles with appropriate OEM recommended motor oil (must be documented).
- The transmission fluid and filter (if equipped) are not replaced at time of installation with OEM recommended transmission fluid (must be documented).
- Failure is caused by or related to a collision, fire, theft, vandalism, riot, explosion, lightning, earthquake, windstorm, hail, water, freezing or flood.

Terms and Conditions

- Approval for repairs or replacements must be approved by LKQ prior to any work being performed.
- We reserve the right to inspect any product prior to replacement.
- All warranties are not transferable and only benefit the customer named on the original LKQ invoice.
- The year and model of the vehicle or part printed on this invoice is within a range of interchangeability and may not necessarily be the exact model and year as the part or vehicle that has been provided.
- Windshield and other glass breakage are not covered under any warranty.
- Refer to the vehicle manufacturer's Owner Manual for correct operation and maintenance schedule.
- This part may have accessories that are attached and must be switched or removed to accommodate proper installation, which is the responsibility of the installer. Such accessories are not covered by this warranty.
- Any "Recommended Installation Procedures" provided by LKQ must be followed by the installer to maintain warranty coverage.
- This warranty does not cover freight costs, down time, progressive damage or other similar damages.
- We are not responsible for injury or damages during, or as a result, of the installation of our product.
- Timing belts, water pumps, thermostats, fluids and seals are routine maintenance items and should be replaced at the time of installation and at the vehicle manufacturer's recommended service intervals.
- Proper operation of the cooling and electrical system must be checked during the installation of products that can be affected by those systems.
- LKQ drains most fluids from our products; however, you must completely drain and replace fluids, lubricants, antifreeze, and filters with replacements that are fresh, clean and approved by the vehicle manufacturer.
- Transmission: It is the responsibility of the installer to replace the radiator or transmission oil cooler, flush the transmission oil, cooling lines, fill the differential, adjust shifter mechanisms, replace filters, replace seals, replace pan gaskets and reset or replace computer codes when installing a transmission.
- Engine: Claims related to the overheating and/or improper lubrication of the engine or its components are not covered by this warranty.
- Differential: It is the responsibility of the installer to verify gear ratio, axle spline count, drain, flush and clean axle housing to remove any foreign debris before installation.
- Used Tires: Due to many varied and different conditions to which used tires may have previously been exposed, LKQ makes absolutely NO warranty, expressed or implied, as to the fitness for a general or particular purpose or of merchantability in connection with any sales of used tires. ALL USED TIRES ARE SOLD "AS IS". Used tires are not tested or labeled by LKQ to meet any safety standards. The purchaser of used tires from LKQ agrees to accept all risks relating to the use of such used tires.
- Other: Tie rod ends, ball joints, wheel bearings, and bushings related to steering and suspension components are not covered by our warranty and be inspected and replaced as needed by the installer.

In the Event of Failure: The purchaser must use all reasonable means to protect the product from further damage and must return the original defective product to LKQ. The purchaser must furnish LKQ with such information as LKQ may reasonably require, including proof of the vehicle's regular maintenance as recommend by the vehicle's manufacturer in the owner's manual.

Important Notices

LKQ cannot be responsible for safe transportation, securing products or insuring their security on or in your vehicle. If any part sold hereunder has a Vehicle Identification Number ("VIN") on it, the installer must obtain a replacement VIN for such part extent necessary to comply with applicable laws.

ALL IMPLIED WARRANTIES, INCLUDING WARRANTIES OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE DURATION OF THIS WARRANTY AND DO NOT COVER INCIDENTAL OR CONSEQUENTIAL DAMAGES. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS OR THE EXCLUSION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS, WHICH VARY FROM STATE TO STATE.

THE PURCHASER HERBY UNDERSTANDS THAT DUE TO THE NATURE OF USED TRUCK PARTS, ANY LIABILITY FROM ALL CAUSES SHALL BE LIMITED TO THE PRICE PAID FOR THE GOODS SOLD OR PROVIDED. IF A PART SOLD BY LKQ IS DEFECTIVE, LIABILITY SHALL BE LIMITED TO THE REPLACEMENT OF THE PART OR A REMEDY NOT TO EXCEED THE PRICE PAID FOR THE PART, AT LKQ'S OPTION.

LKQ has adopted a policy of charging a Company Environmental Charge. This fee will help assure the proper collection, treatment, and disposal of any hazardous materials that are a by-product of recycling. This fee is not a tax or governmental collection mandate.

All payments are due in full by the due date stated on the invoice. Balances not paid by the due date will be subject to a late payment fee of the greater of (i) 2% per month compounded monthly (26.8% per year) or (ii) \$5.00. Customer also agrees to pay all of LKQ's reasonable fees and expenses incurred in collecting past due balances, including but not limited to LKQ's reasonable attorneys' fees, court costs, litigation expenses, and/or collection agency fees and expenses. If the foregoing charges exceed the maximum rate that may be lawfully charged, then such charges shall be calculated at the highest lawful rate.

LKQ offers an Optional Service Agreement ("OSA") on many parts. An OSA does not apply to your part unless specifically indicated on the front of this invoice. Additional warranty terms and conditions for OSAs and other warranties can be found under "Heavy Truck & Equipment" at www.lkqcorp.com. All information on that website (and the links contained therein) is hereby incorporated by reference.

ATTENTION CHECK WRITERS – CHECKS ARE ACCEPTED UNDER THE FOLLOWING CONDITIONS: If your check is dishonored or returned for any reason, you authorize LKQ to electronically debit your checking account for the amount of the check, plus the maximum processing or returned check fees allowed by state or federal law. Your usage of a check for payment is your acceptance of these conditions.

30-Day Return Policy

The original invoice must accompany all returns. Returns without the original sales invoice will not be accepted. A part returned undamaged and unaltered (in the same condition as sold) within 30 days of the original purchase date may be refunded at management's discretion (a restocking fee may apply), but no credit will be given for any part returned more than 30 days after the original purchase date. Core charges are refundable if the appropriate core is returned within 30 days. No returns will be accepted after 30 days. Parts must be in the same condition as when sold (unaltered and undamaged) to be eligible for return. No returns will be accepted on any electrical item, including but not limited to, ECM's, starter's, alternators, control modules, dash gauges/controls, radio's, CBs, etc. These items are sold "AS IS".
